The services of an evangelistic team will be secured, if possible. The ministers and members of other denominations in Tallahassee are invited to cooperate in the work, and share in the results, the purpose in view being the salvation of sinners and edification of believers.

OFFICIAL REQUEST.
To the Gas Users of the City of Tallahassee:

We, the undersigned members of the City Council of the city of Tallahassee, Fla., do earnestly request that you do not pay your December bill for gas to the Capital City Light and Fuel Company until the Council advises you to do so. We would like for you not to pay any more bills at all for the present, as we consider it an outrage and injustice to you for the gas company to try to make you put up with such poor gas. There are two ways to make the Capital City Light and Fuel Company furnish good gas; the first is for the gas users to refuse to pay the bills of the gas company, and the second is for the City Council to tell them that if they do not furnish good gas, they, the City Council, will revoke their charter. This the City Council has done and we expect to do what we said we will do. It is true we would like to have gas but we can get along without it, as we have practically been doing off and on for some time. Now if the gas company wants to keep on doing business in Tallahassee they must give the gas users of Tallahassee good gas, and we ask you to help the City Council in its fight for good gas.

If you will help there can be but one of the two results, good gas or no gas company. It is up to you to say which you want.
